disclosing party, (c) is disclosed to the receiving party from any third party, except where the receiving party knows, or
reasonably should know, that such disclosure constitutes a wrongful or tortious act, or (d) is independently developed by
the receiving party without use of any Confidential Information. Except as provided in the Agreement, the receiving party
will not disclose Confidential Information without the disclosing party’s consent. The receiving party will take reasonable
measures to avoid disclosure, dissemination, or unauthorized use of Confidential Information. The receiving party may
disclose Confidential Information as required to comply with orders of governmental entities that have jurisdiction over it
or as otherwise required by Law. The disclosing party acknowledges that the receiving party may now have, or in the
future may develop or receive, information that is the same as, or similar to, Confidential Information without having
breached this Agreement. Nothing in this Section (x) prevents Amazon Ad Server from using, for any purpose and without
compensating the disclosing party, information retained in the memory of Amazon Ad Server’s personnel who have had
access to Confidential Information or (y) obligates Amazon Ad Server to restrict the scope of employment of its personnel;
provided, however, that this Section does not create a license under any copyright or patent of the disclosing party.

6.9 Third-Party Technologies. Customer will not append any Customer or third-party Ad Technologies (collectively “Third-Party Tags”) to Amazon Ad Server’s Ad Technologies or Ads delivered by Amazon Ad Server, nor will Customer allow any such third-party tracking or tagging through the System unless such Third-Party Tags and the provider thereof are in full compliance with Section 6 (Data Protection and Privacy), and the Privacy Rules, including, without limitation, by presenting users with notice and choice to (as applicable) consent to and/or opt-out of data collection and processing in connection with such Third-Party Tags. 7.2 Acceptable Use. Customer represents, warrants, and covenants that it will not (and will ensure that its Third-Party Users do not) use the Services in a manner that, or in connection with, or to promote campaigns, Advertisements, or other Customer Materials or Site Content (including code or links) containing content that: (a) is invasive of privacy, degrading,
defamatory, libelous, unlawful, profane, obscene, pornographic, harassing, abusive, hateful, or discriminatory; (b) promotes any illegal or fraudulent activity, including, without limitation, the promotion of gambling where prohibited, illegal substances, software piracy or hacking, or invalid advertising traffic; (c) infringes the personal, intellectual property, or other rights of any third party; (d) promotes or references software piracy and/or activities generally understood as Internet abuse, including the sending of unsolicited bulk messages or the distribution or use of spyware, Malware, worms, Trojan horses, time bombs, cancelbots, bots, or other code that generates fraudulent or invalid advertising traffic, corrupted files, or similar software; (e) it knows or reasonably should have known to be false, fraudulent or misleading, including content, links or codes that facilitate the creation or use of fraudulent or invalid advertising traffic; or (f) is otherwise in violation of this Agreement or the Additional Terms and Conditions. “Malware” means software or applications, or websites associated with software or applications, that (i) may be used to disrupt, damage, take control of, misuse, or otherwise use or disable a computer or computer system or operation; (ii) impermissibly view or collect information; (iii) access computer systems to display or distribute unwanted or illicit advertising, content or software; (iv) violate the policies of any applicable advertising exchange or publisher; or (v) may otherwise be harmful or inappropriate as determined by Amazon Ad Server in its sole discretion. Without derogating from Customer’s responsibility for the foregoing, Customer shall use commercially reasonable means for preventing Malware upload or transmission to the Amazon Ad Server System or otherwise in connection with Customer’s use of the Services.

7.3 Customer Status. Customer represents and warrants that it is a business, not a consumer, and has the rights, authority, and any required permission and consent to enter into this Agreement, and if applicable that it is acting as an agent for a disclosed principal, its advertiser, and that as such, Customer has the authority as agent to incur the Fees charged by Amazon Ad Server and perform any other actions in connection with the Services on such advertiser’s behalf. To the extent Customer acts on behalf of any advertiser client under this Agreement, (i) Amazon Ad Server reserves the right to send invoices for Fees and make available Reports to the advertiser client to which they pertain, and (ii) Customer and such advertiser client will be jointly and severally responsible for the payment of Fees. Customer will, upon our request, provide Amazon Ad Server with contact information for the advertiser client on whose behalf Customer is acting. Customer represents and warrants that (a) neither it nor its Third-Party Users are currently the subject of any investigation or prosecution by any regulatory authority in connection with a matter that may have a material detrimental effect on users of Customer’s applicable products, services, or advertising, or on Amazon Ad Server, any of its Affiliates or any of their respective customers; or (b) if it or any of its Third-Party Users becomes involved or is named in any investigation or prosecution by any regulatory authority in connection with a matter that may have a material detrimental effect on Amazon Ad Server or users of Amazon Ad Server’s products, services, or advertising, then Customer will immediately provide notice to Amazon Ad Server of such action, investigation, complaint or other proceeding, in which event Amazon Ad Server may terminate this Agreement immediately.

7.4 Customer Conduct. Customer represents, warrants, and covenants that: (a) it and its Third-Party Users have or will obtain all necessary rights, licenses, consents, waivers, and permissions, including, without limitation, from advertisers, publishers, users, and other third parties, to allow Amazon Ad Server: (i) to store and deliver the Customer Materials and otherwise provide the Services and operate the System on behalf of Customer; (ii) to make any technical or other modifications that it may deem necessary to facilitate the delivery of the Advertisements and related Customer Materials; provided, that Amazon Ad Server will not make any amendments to the creative content of any Advertisements or Customer Materials except as requested or permitted by Customer; (iii) to use any Customer Data provided to or collected by Amazon Ad Server in the provision of the Services for Customer and according to Customer’s or its Third-Party Users’ instructions and as otherwise permitted under this Agreement; and (iv) to receive, transfer, and process any Customer Data from or to any third party according to Customer’s or its Third-Party Users’ instructions, whether by API, FTP, or other data transfer method; (b) notify Amazon Ad Server of any errors in any Customer Materials and any complaints or claims made in respect of any Customer Materials as soon as the same comes to its attention; and (c) if Amazon Ad Server considers, in its sole discretion, that any Customer Materials breach any of the requirements set forth in Section 7 (Customer Responsibilities), or may subject Amazon Ad Server to material adverse risks, and Amazon Ad Server requests that such Customer Materials be removed or amended, then Customer will withdraw such Customer Materials from the System or amend such Customer Materials to Amazon Ad Server’s satisfaction.
7.5 Compliance Monitoring. Customer will ensure that it and any Third-Party Users comply with this Agreement. Amazon Ad Server may audit Customer’s use of the Services (including, for the avoidance of doubt, via clicks on Ads or landing pages) and observe all of Customer’s activity on the Services. Customer will promptly notify Amazon Ad Server of any suspected or alleged breach of this Agreement and will cooperate with Amazon Ad Server regarding: (a) any investigation by Amazon Ad Server of any suspected or alleged violation of this Agreement; and (b) any action by Amazon Ad Server to enforce the terms and conditions of this Agreement. Without any liability to Customer and without prejudice to Amazon Ad Server’s other rights under the Agreement, Amazon Ad Server may at any time, with or without notice, limit, suspend, or terminate Customer’s or any Third-Party User’s access to the Services and/or System or terminate any Order or the Agreement, if Amazon Ad Server considers, in its sole discretion, that Customer or Third-Party User has breached this Agreement or is otherwise using the System or the Services in a manner that may be harmful to Amazon Ad Server, its other customers, or other third parties.

7.6 Trade Law Compliance. In connection with this Agreement, Customer will comply with all applicable import, re-import, sanctions, anti-boycott, export, and re-export control Laws, such as the Export Administration Regulations, the International Traffic in Arms Regulations, and economic sanctions programs implemented by the Office of Foreign Assets Control. Customer understands that some of the software, technology or related information that Customer and its employees or contractors may have access to may be subject to export control Laws and regulations (the “Export Controlled Materials”). Customer will not, without prior written approval from Amazon Ad Server, allow any of its employees or contractors to have access to or use of any Export Controlled Materials if such access or use would require an export license.

7.7 Indemnification by Customer. Customer agrees to indemnify, defend, and hold harmless Amazon Ad Server, its Affiliates, and their respective officers, directors, employees, and agents from and against any and all Losses, costs, damages or liabilities, including, without limitation, legal fees, costs and expenses (collectively, “Losses”), arising out of any third-party claim or action related to Customer’s or any Third-Party User’s breach of any of the obligations and warranties set forth in Section 7 (Customer Responsibilities), any other representations, warranties, terms, conditions, or obligations of Customer as provided in this Agreement, or the Customer Materials. The foregoing obligations are conditioned on Amazon Ad Server: (a) notifying Customer promptly in writing of such action (provided that the failure to provide prompt notice will only relieve the Customer of its obligation to the extent that it is materially prejudiced by such failure and can demonstrate such prejudice); (b) permitting Customer to control the defense thereof and any related settlement negotiations upon Customer’s written notice to Amazon Ad Server of Customer’s intention to indemnify; and (c) cooperating and, at Customer’s request and expense, assisting in such defense. Customer will in no event agree to any settlement of any claim that involves any commitment, other than the payment of money by Customer, without Amazon Ad Server’s prior written consent. Amazon Ad Server is hereby authorized (but not obligated) prior to, during, and after the notice period to file any motion, answer or other pleading and to take any other action that Amazon Ad Server shall deem necessary or appropriate to protect its interests.

8. Amazon Ad Server Responsibilities.

8.1 Amazon Ad Server Representations. Amazon Ad Server represents and warrants that: (a) it is duly authorized to enter into this Agreement and provide the Services hereunder; and (b) its provision and operation of the Services is in compliance with all applicable Laws.

8.2 Indemnification by Amazon Ad Server. Amazon Ad Server agrees to indemnify, defend, and hold harmless Customer, its Affiliates, and their respective officers, directors, employees and agents from and against any and all Losses, arising out of or related to any third-party action to the extent it is based upon a claim that the System or Services infringe any Intellectual Property Right of a third party. The foregoing obligations are conditioned on Customer: (a) notifying Amazon Ad Server promptly in writing of such action (provided that the failure to provide prompt notice will only relieve Amazon Ad Server of its obligation to the extent that it is materially prejudiced by such failure and can demonstrate such prejudice); (b) permitting Amazon Ad Server to control the defense thereof and any related settlement negotiations; and (c) cooperating and, at Amazon Ad Server’s request and expense, assisting in such defense. Without limitation of the foregoing, if the System or Services become, or in Amazon Ad Server’s sole opinion are likely to become, the subject of an infringement claim, Amazon Ad Server may, at its option and expense: (i) procure for Customer the right to continue using
the System or Services; (ii) replace or modify the System or Services so that they become non-infringing; (iii) accept return of any deliverables provided as a result of the Services, and/or (iv) terminate this Agreement or the applicable Order, in whole or in part, as appropriate, upon written notice to Customer and refund Customer any Fees pre-paid in respect of the Services upon such termination. Notwithstanding the foregoing, Amazon Ad Server will be relieved of its obligation under this Section 8.2 to the extent that any third-party action is based upon: (A) any Customer Materials; (B) any use of the System or Services not in accordance with this Agreement; (C) any use of the Services in combination with products, equipment, software, data, or other materials not supplied by Amazon Ad Server; (D) any use of any release of the System or Services other than the most current release made available to Customer; (E) any modification of the System or Services by Customer, its agents, or subcontractors; or (F) any use of the Services or the System after Amazon Ad Server has notified Customer to discontinue such use. THIS SECTION 8.2 STATES AMAZON AD SERVER’S ENTIRE LIABILITY AND CUSTOMER’S EXCLUSIVE REMEDY FOR ANY THIRD-PARTY CLAIMS OF INFRINGEMENT.

9. Fees; Payment.

9.1 General. All payments of Fees under this Agreement by Customer will be made in accordance with the payment terms set forth in Section 9 (Fees; Payment). All usage of Services will be determined by Amazon Ad Server metering. Customer waives all claims related to Fees, unless made within 60 days after the date charged. All amounts payable by Customer under this Agreement will be paid to Amazon Ad Server without setoff or counterclaim, and without any deduction or withholding. Customer authorizes Amazon Ad Server to verify Customer’s registration information from time to time, including by obtaining credit reports and references about Customer.

9.2 Invoicing; Payment. Unless otherwise agreed between Amazon Ad Server and Customer in an MSA or Order or provided for in Section 15.3 (Sales Partners), Amazon Ad Server shall invoice Customer on a monthly basis, and payment of Amazon Ad Server invoices shall be due to Amazon Ad Server within net thirty (30) days of the invoice date and shall be made by wire transfer or other method approved by Amazon Ad Server. Customer agrees to pay Amazon Ad Server such Fee amounts in the applicable local currency invoiced by Amazon Ad Server, or such other currencies as Customer and Amazon Ad Server may mutually agree from time to time. Customer agrees to provide Amazon Ad Server with an authorized email address so that Amazon Ad Server may transmit invoices via email delivery. Amazon Ad Server will not be required to use any online portal or electronic system provided by Customer in order to issue invoices to Customer or receive payment from Customer.

9.3 Rates. Unless otherwise agreed in an Order or MSA or provided for in Section 15.3 (Sales Partners), the Fees for the Services will be Amazon Ad Server’s then-applicable standard rates. If Customer uses any Services for which the Fees are not specified in an MSA or Order or provided for as described in Section 15.3, then the Fees for such Services will be Amazon Ad Server’s then-applicable standard rates.

9.4 Taxes. Each party will be responsible, as required under applicable Law, for identifying and paying all taxes and other governmental fees and charges (and any penalties, interest, and other additions thereto) that are imposed on that party upon or with respect to the transactions and payments under this Agreement. All fees payable by Customer are exclusive of applicable taxes and duties, including, without limitation, VAT, excise taxes, sales and transaction taxes, and gross receipts taxes (“Indirect Taxes”). Customer will provide such information to Amazon Ad Server as reasonably required to determine whether Amazon Ad Server is obligated to collect Indirect Taxes from Customer. Amazon Ad Server shall not collect, and Customer shall not pay, any such Indirect Tax or duty for which Customer furnishes Amazon Ad Server a properly completed exemption certificate or a direct payment permit certificate or for which Amazon Ad Server may claim an available exemption from Indirect Tax. All payments made by Customer to Amazon Ad Server under this agreement will be made free and clear of any withholding or deduction for taxes. If any such taxes (for example, international withholding taxes) are required to be withheld on any payment, Customer will pay such additional amounts as are necessary so that the net amount received by Amazon Ad Server is equal to the amount then due and payable under this Agreement. Amazon Ad Server will provide Customer with such tax forms as are reasonably requested in order to reduce or eliminate the amount of any withholding or deduction for taxes in respect of payments made under this Agreement.

9.5 “Stop Serving” and Similar Settings. With respect to ad serving services, Customer will be billed per the following scenarios with respect to System settings: The designated ad format (e.g., video) will continue to be served until the
predefined stop event (if any), after which default images will continue to be served instead, in each case as set forth in
the System. Impressions served until the stop event (if any) will be billed at their applicable rate, and any impression
served afterwards will be billed at the default image rate. Notwithstanding any “stop serving” settings or termination of
an Order by Customer, Customer will pay Amazon Ad Server at the applicable rates for professional, creative, and other
related services rendered through the date of termination, cancellation, or “stop serving” setting, regardless of the
number of impressions served.

9.6 Nonpayment. If Customer fails to pay any amount payable by it under this Agreement in accordance with Section 9
(Fees; Payment), Amazon Ad Server may charge Customer interest on the overdue amount (payable by Customer
immediately on demand) from the due date up to the date of actual payment, at the rate of 1.5% per month or the highest
rate allowed by Law, whichever is less. Such interest will accrue on a daily basis and be compounded on a monthly basis.
Customer will also be responsible for payment of all reasonable expenses (including attorneys’ fees and costs) incurred by
Amazon Ad Server in collecting any overdue amounts from Customer.

10. DISCLAIMER. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE SYSTEM, AND THE SERVICES ARE PROVIDED
“AS IS” AND ON AN “AS AVAILABLE” BASIS AND AMAZON AD SERVER DOES NOT MAKE OR GIVE ANY REPRESENTATION,
WARRANTY, CONDITION OR OTHER TERM (COLLECTIVELY, “PROMISES”) OF ANY KIND, WHETHER EXPRESS, IMPLIED,
STATUTORY, OR OTHERWISE WITH RESPECT TO THE SYSTEM OR THE SERVICES, AND EXCEPT TO THE EXTENT PROHIBITED
BY APPLICABLE LAW, AMAZON AD SERVER DISCLAIMS ALL IMPLIED PROMISES WITH RESPECT TO THE SYSTEM AND THE
SERVICES, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED PROMISES OF MERCHANTABILITY, SATISFACTORY QUALITY,
FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OR QUIET ENJOYMENT, AND ANY PROMISES ARISING OUT
OF ANY COURSE OF DEALING, PERFORMANCE, OR TRADE USAGE. AMAZON AD SERVER WILL NOT BE HELD RESPONSIBLE
FOR: (A) ANY ERRORS OR INACCURACIES IN ANY CUSTOMER MATERIALS OR SITE CONTENT; (B) SERVICE INTERRUPTIONS
DUE TO FACTORS REPRESENTING INHERENT RISKS ASSOCIATED WITH THE USE OF ELECTRONIC COMMUNICATIONS,
INCLUDING NETWORK INTERRUPTIONS, COMMUNICATIONS FAILURES, THIRD-PARTY SERVER DOWNTIME, POWER
OUTAGES, OR SYSTEM FAILURES; OR (C) ANY UNAUTHORIZED ACCESS TO, USE OF, ALTERATION OF OR DELETION,
DESTRUCTION, DAMAGE OR LOSS OF CUSTOMER’S OR ANY THIRD-PARTY USER’S CUSTOMER MATERIALS, SITE CONTENT
OR OTHER MATERIALS, DATA, IMAGES, SOUNDS, TEXT INFORMATION, OR CONTENT. AMAZON AD SERVER  MAY
DISCONTINUE ANY ASPECT OF THE SYSTEM OR THE SERVICES, OR MAY CHANGE THE NATURE, FEATURES, FUNCTIONS,
SCOPE OR OPERATION OF THE SYSTEM OR THE SERVICES, AT ANY TIME. AMAZON AD SERVER ALSO DOES NOT IN ANY
WAY MAKE ANY PROMISES THAT THE SYSTEM OR THE SERVICES WILL BE PROVIDED IN AN UNINTERRUPTED MANNER,
ERROR-FREE, OR FREE FROM HARMFUL COMPONENTS. IN ADDITION, AMAZON AD SERVER MAKES NO PROMISES THAT
THE SYSTEM OR THE SERVICES WILL MEET CUSTOMER’S REQUIREMENTS OR EXPECTATIONS OR THAT CUSTOMER WILL
ACHIEVE ANY PARTICULAR RESULT FROM USING THE SYSTEM OR THE SERVICES.

11. Limitation of Liability. IN NO EVENT (TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW) WILL (A) AMAZON
AD SERVER BE LIABLE FOR ANY LOSS OF DATA, LOSS OF PROFITS, COST OF COVER, OR OTHER SPECIAL, INCIDENTAL,
CONSEQUENTIAL, INDIRECT, PUNITIVE, EXEMPLARY, OR RELIANCE DAMAGES ARISING FROM OR IN RELATION TO THIS
AGREEMENT, HOWEVER CAUSED AND REGARDLESS OF THEORY OF LIABILITY AND (B) AMAZON AD SERVER’S LIABILITY
FOR DAMAGES UNDER THIS AGREEMENT EXCEED THE AMOUNT OF FEES PAID BY CUSTOMER TO AMAZON AD SERVER
UNDER THIS AGREEMENT FOR THE SIX-MONTH PERIOD PRECEDING THE DATE ON WHICH THE FIRST OF ANY CLAIMS IS
MADE IN CONNECTION WITH THIS AGREEMENT.

12. Term and Termination. The Term of this Agreement and any Order will be as set forth in the MSA or the applicable
Order unless: (a) terminated earlier in accordance with this Section 12; or (b) the Services continue to be used by Customer
after the expiration of the Term set forth in the applicable MSA or Order (provided that Amazon Ad Server is under no
obligation to permit such continued use). Either party may terminate this Agreement immediately if: (i) the other party is
in material breach hereunder and fails to cure such breach within ten (10) calendar days of written notice being provided
by the party seeking to terminate; or (ii) the other party becomes insolvent or seeks protection under any bankruptcy,
receivership, trust deed, creditors arrangement, composition or comparable proceeding, or if any such proceeding is
instituted against the other party (and not dismissed within ninety (90) days). Amazon Ad Server may also terminate this
Agreement and/or any Order, with or without cause, upon thirty (30) days’ prior written notice to Customer. The
requirement to make any payment that has become due, in addition to Sections 4 (Publicity) through 8 (Amazon Ad Server
Responsibilities) and 10 (Disclaimer) through 15 (Contracting Entities; Governing Laws; Jurisdiction) of these Terms of Use, will survive the completion, expiration, termination, or cancellation of this Agreement for any reason. Without derogating from the above, Amazon Ad Server also reserves the right to suspend and/or terminate any and all Customers’ Accounts after ninety (90) days of inactivity.

13. Force Majeure. Amazon Ad Server will not be responsible for any delay or failure in performing obligations under this Agreement which delay or failure results from any cause beyond its reasonable control. Such force majeure events may include acts of God, storms or other elements of nature, fires, epidemics, wars, terrorism, riots, strikes, lockouts or other labor disputes, decisions or omissions of authorities, and new legislation.

14.1 Entire Agreement; Amendment. This Agreement represents the entire understanding between the parties and supersedes all prior written and prior and contemporaneous oral agreements relating to the subject matter hereof. The parties may not amend these Terms of Use, the MSA, or any Order except by a written agreement of the parties that identifies itself as an amendment to these Terms of Use, the MSA, or such Order, as applicable; provided that Amazon Ad Server may modify these Terms of Use at any time by posting such modification on the System or applicable Amazon Ad Server website or by notifying Customer by email, and such revised Terms of Use will supersede and replace all earlier versions. Any such changes will be effective upon the posting, and Customer is responsible for informing itself of all applicable changes or notices. If Customer does not agree to any such modification, its sole remedy is to terminate this Agreement upon written notice to Amazon Ad Server. CUSTOMER’S AND ITS THIRD-PARTY USERS’ CONTINUED USE OF THE SYSTEM OR ANY PORTION OF THE SERVICES WILL BE DEEMED TO BE ACCEPTANCE BY CUSTOMER AND ITS THIRD-PARTY USERS OF ANY SUCH MODIFIED VERSION OF THESE TERMS OF USE. These Terms of Use will apply to all MSAs and Orders submitted in connection with this Agreement. Any preprinted, additional, or supplemental terms in, on or associated with, any Customer-submitted ordering documents, including purchase or insertion orders, or any of Customer’s electronic invoicing, payment, or other portals, will not apply and will not be binding upon Amazon Ad Server.

14.2 Notice. Amazon Ad Server may provide notices to Customer, at Amazon Ad Server’s option, by email to the email address provided by Customer to Amazon Ad Server, by mail to the postal address provided by Customer to Amazon Ad Server, or by posting on the System or any Amazon Ad Server website to which Customer has access in connection with this Agreement. It is Customer’s responsibility to ensure that the email address and any other contact and registration information it provides to Amazon Ad Server is updated and correct at all times during the Term. Changes to Customer’s contact information should be sent to Customer’s designated Amazon Ad Server service representative, with a copy via email to Sizmek-Collectors@amazon.com.

14.3 Relationship of the Parties. Customer and Amazon Ad Server are independent contractors and nothing in this Agreement will give Customer the right, power or authority to create any obligation or responsibility on behalf of Amazon Ad Server. Except as expressly set forth in this Agreement, neither Customer nor Amazon Ad Server will have any right, power, or authority to create any obligation or responsibility on behalf of the other and this Agreement is not intended to benefit, nor will it be deemed to give rise to any rights in, any third party. Notwithstanding the foregoing, Customer acknowledges and agrees that (a) Amazon Ad Server may perform any of its obligations or exercise any of its rights under this Agreement through one or more of its Affiliates and (b) AEC and ASVB are third-party beneficiaries of this Agreement, and nothing in this Agreement shall be construed to prevent the Amazon Ad Server Contracting Entities, acting on behalf of AEC or ASVB, or AEC or ASVB, acting on its own behalf, from exercising any rights or remedies granted to the Amazon Ad Server Contracting Entities under this Agreement or applicable Law.

14.4 Assignment. Customer may not assign its obligations under this Agreement without prior written consent of Amazon Ad Server. Any attempt to assign in violation of this section is void in each instance. Amazon Ad Server may assign this Agreement (or any of its rights and obligations under this Agreement) (i) to any of its Affiliates; or (ii) in connection with any merger, consolidation, reorganization, sale of all or substantially all of its assets or any similar transaction.

14.5 Waiver; Severability. No failure or delay on the part of Amazon Ad Server in exercising any right, power, condition or remedy under this Agreement will operate as a waiver by Amazon Ad Server, nor will any single or partial exercise of
any such right, power, condition or remedy preclude any other or further exercise or the exercise of any other right, power, condition or remedy by Amazon Ad Server. Any provision of this Agreement that is prohibited or unenforceable in any jurisdiction will, as to such jurisdiction, be ineffective only to the minimum extent necessary without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of any provision in any other jurisdiction. Notwithstanding anything to the contrary herein, nothing in the Agreement shall, or shall be interpreted or construed to, induce or require either party hereto to act in any manner (including taking or failing to take any actions in connection with a transaction) which is inconsistent with or penalized under any U.S. Laws, regulations, rules or requirements that apply to any party to the Agreement.

14.6 Interpretation. As used in this Agreement, the word “including” is a term of enlargement meaning “including without limitation” and does not denote exclusivity. The defined terms herein will apply equally to both the singular and plural forms of the terms defined. Whenever the context may require, any pronoun will include the corresponding masculine, feminine, and neuter forms. All references in these Terms of Use to “Sections” will be deemed to be references to the corresponding Section of these Terms of Use unless the context requires otherwise. The section headings and subheadings contained in these Terms of Use are included for convenience only, and will not limit or otherwise affect the interpretation of these Terms of Use. It is the express wish of the parties that this Agreement be drafted in English. (The following is a French translation of the preceding sentence: C’est à la demande expresse des parties que la présente convention soit rédigée en anglais.) This Agreement and every part of this Agreement is controlled by the English language and if the terms of this Agreement or any part thereof are translated into any language, for convenience or any other reason, the English language version will control and the English language interpretation will prevail with respect to any conflicts of interpretation.

15. Contracting Entities; Governing Laws; Jurisdiction.

15.1 CIETAC Arbitration. With respect to any Customer of Amazon (China) Holding Company located in Taiwan or Hong Kong, any dispute arising out of or relating to this Agreement will be resolved by arbitration in Beijing pursuant to China International Economic Trade Arbitration Commission rules.

15.2 Other Account Types. Certain account types in the System are intended primarily for certain limited purposes, such as (i) the development, production, and management of creative assets to be incorporated into Ads (each, a “Creative Account”) or (ii) for reporting and/or payment of Fees (e.g., for Ads delivered to applicable Sites) (each, a “Paying Account”). Any such special-purpose accounts are referred to as “Other Account Types”. Customer acknowledges and agrees that such Other Account Types may have limited access, privileges, and functionality. Customer will be responsible for any Other Account Types to the extent linked to the Customer’s Account, for any Customer Materials in any such Other Account Types, and for any materials supplied by any Other Account Type to Customer’s Account. Even if an Other Account Type is (subject in each case to Amazon Ad Server’s written consent) set up for reporting and payment of Fees incurred on behalf of Customer, e.g., by an agency on behalf of Customer as its advertiser client, Customer remains responsible to Amazon Ad Server for payment of any Fees to the extent not paid by the applicable Other Account Type.

15.3 Sales Partners. Services in certain locales may be provided by third-party resellers (each, a “Reseller”), in accordance with separate agreement(s) between Customer and such third party(ies) (each, a “Reseller Agreement”), which set forth the fees to be paid by Customer to Reseller for the services provided by Reseller, as well as any other terms that may apply as between Customer and Reseller. Customer acknowledges that any Reseller Agreement is not binding on Amazon Ad Server, and that Amazon Ad Server will not be responsible for (i) any obligations under a Reseller Agreement, (ii) the acts or omissions of the Reseller, or (iii) any products or services provided to Customer by the Reseller. Customer is to work with the Reseller in case of any refund or credit requests or other disputes regarding any services purchased from the Reseller. Customer shall comply with the Terms of Use in its use of the System and the Services even if purchased through a Reseller. If Customer purchases Services from a Reseller, Customer acknowledges and agrees that Reseller will have access to Customer’s Account and Customer Data and other information in connection with the Services.

15.4 Contracting Entities. The Amazon Ad Server legal entity providing the Services, the laws governing the interpretation of this Agreement, and the jurisdiction and venue for all disputes hereunder will be determined as follows: This Agreement
is between you and the Amazon Ad Server contracting entity that corresponds with your Territory of Sales, as set forth in the table below. This Agreement will be governed by the applicable Governing Laws that correspond with the Territory of Sales as specified in the table below, without regard to conflict of laws rules or principles. Customer and Amazon Ad Server consent to personal jurisdiction and venue corresponding to the Territory of Sales as specified in the table below, and each party hereby expressly waives any objection or defense thereto. Customer and Amazon Ad Server agree that any dispute resolution proceedings will be conducted only on an individual basis and not in a class, consolidated, or representative action. With respect to any proceeding or action arising out of or in any way relating to this Agreement, the parties knowingly, intentionally and irrevocably waive any right to trial by jury. All notices to Amazon Ad Server will be made in writing to the applicable Amazon Ad Server Contracting Entity at the corresponding address specified in the table below, with a copy to: Amazon, Attn: General Counsel, 410 Terry Avenue North, Seattle WA 98109, with a required copy via email to sizmek-legal@amazon.com. Notices should be sent by certified first-class mail, return receipt requested, or a nationally recognized delivery service. Notices will be deemed received based on the delivery date shown on the written delivery confirmation notice.
